

## **Summer Reading Requirements for Students Entering Fourth Grade**

Number of Pages: 250 to 500

**Assessment:** Record reading data on the Berean Academy Reading Log (due the first day of school)

**Non-Fiction:** It is highly recommended that at least two selections be non-fiction. The current reading list does not include non-fiction titles, so parents will need to choose age appropriate non-fiction selections for their children.

**Read Alouds:** An adult may read aloud up to 150 pages to the child, as long as the selections are at least sixth-grade level.

**New Students:** Students new to Berean Academy who enroll after July 15 will have their number of pages reduced to 100. New students who enroll close to the first day of school may have an alternative set of guidelines established by the administration or faculty.

**Selections:** The second page of this packet contains a list of recommended books for this age group; however, parents and students are not limited to this list. To locate additional titles, visit <https://www.the-best-childrens-books.org/accelerated-reader.html>.

**Fourth Grade Summer Reading Titles  
(Reading levels vary.)**
