

Attendance & Academic Responses to COVID-19

Responses to COVID-19 Diagnoses or Exposures

I think or know (through a positive test) I have COVID-19, and I have symptoms.

You may return to campus after the following:

- At least 10 days since symptoms first appeared and
- At least 24 hours with no fever without fever-reducing medication and
- Symptoms have improved

I tested positive for COVID-19 but have no symptoms.

If you continue to have no symptoms, you can be with others after 10 days have passed since the positive test.

The following applies to either of the above scenarios:

Depending on your healthcare provider's advice and availability of testing, you might get tested to see if you still have COVID-19. If you will be tested, you can be around others after you receive two negative test results in a row, at least 24 hours apart.

If you develop symptoms after testing positive, follow the guidance above for "I think or know I had COVID, and I had symptoms." (Source: CDC)

A doctor's release or equivalent must be presented before returning to campus. Students missing school due to these conditions will be offered a temporary distance learning plan, which they may address when they are physically able to do school work.

I have been around a person with COVID-19.

Any student or staff member who has been in close contact (within six feet for more than 15 minutes) with a person with COVID-19 should stay home for 14 days after exposure.

Students missing school due to close contact (as described above) with a person infected with COVID-19 will be offered a temporary distance learning plan, which they may address when they are physically able to do school work.

Limited Distance-Learning Plan

Recognizing that some family members have major health conditions for which exposure to the COVID-19 virus could be disastrous, Berean Academy is offering its Limited Distance Learning Plan. This plan centers on providing distance learners access to live classroom instruction from their homes. Students participating in this plan will be expected to view instruction through a livestream and follow the school-day schedule, as closely as possible.

Students must meet deadlines for assignments and will be expected to take tests on campus in a socially distanced environment. Parents and students must give consideration to teachers concerning the impact the Limited Distance Learning Plan could have on the timeliness of communication and grading.

Families interested in their children participating in the Limited Distance Plan must contact our Distance Learning Plan coordinator, Jennifer Chambers (chambersj@bereanacademy.net), to communicate their interest. There is no tuition reduction for the Limited Distance Plan.

Full-Distance Learning Plan

Berean Academy is capable of offering a full-scale distance learning plan to students; however, an online-only instructional plan for all students will only be considered in extreme circumstances, such as a government-mandated closure. If a long-term closure is mandated, the school board will determine any reduction in tuition.
